```
##     gene.hubs  hubs.proba
## 1          4   0.2087542
## 2          5   0.2323232
## 3         10   0.2558923
```

This plot show the probabilities for each gene of being a hub. The following shows the probability for each couple of genes of being linked :

```
showNp(result)
```
